# ABOUT THE COMPANY

My startup is a designing company making designs based on the principles of biomimcry, keeping nature at the helm.

# THE STORY

In the summer of 2020, after being bored of lockdown, I decided to start providing the service of designing to others. As I have gained ample experience in product design and brand development in my short professional career of 4 years.

AUTODESK®  
**INVENTOR® PROFESSIONAL**

AUTODESK®  
**FUSION 360**

Lion

I have been making industrial designs both 3D and 2D for the past 4 years. But having the creative bone from childhood, I wanted to learn more about graphic designing and hence did an online course on Specialization in Graphics Design during the lockdown on Coursera and am ready to test out my learnings of Graphic Designing, my experience of 3D and 2D CAD designing on Solidworks, Autodesk Inventor, Fusion 360 and AutoCAD.

**AUTOCAD**

***LETS MAKE THE WORLD BEAUTIFUL AND SAFE!***

# SERVICES PROVIDED

## Product Design

3D Modeling or Soft-Concept Development in a 3D CAD software of your choice from Solidworks, Fusion 360 and Inventor & Rendering of the 3D Drawings.

## Graphic Design

Design of marketing materials, Brochures, Flyers, Visiting Cards, Festival Cards, Banners, etc.

## Industrial Design

Under this 3D Model of the Product will be developed using the 3D CAD software, rendered if needed and 2D Drafting of the Model for manufacturing. Assembly Drawings, Part Drawings, Manufacturing Drawings etc.

## Brand Development

Getting the story of your company out there, through a set steps of development, includes logo design, tagline generation, brain-storming brand name, color palette for the company, selection of Primary and Secondary font for the company, brand application for marketing, etc.

## Webpage Design

Keeping the Brand image and story, develop a website using HTML5, CSS and JavaScript, hosting it online, etc.

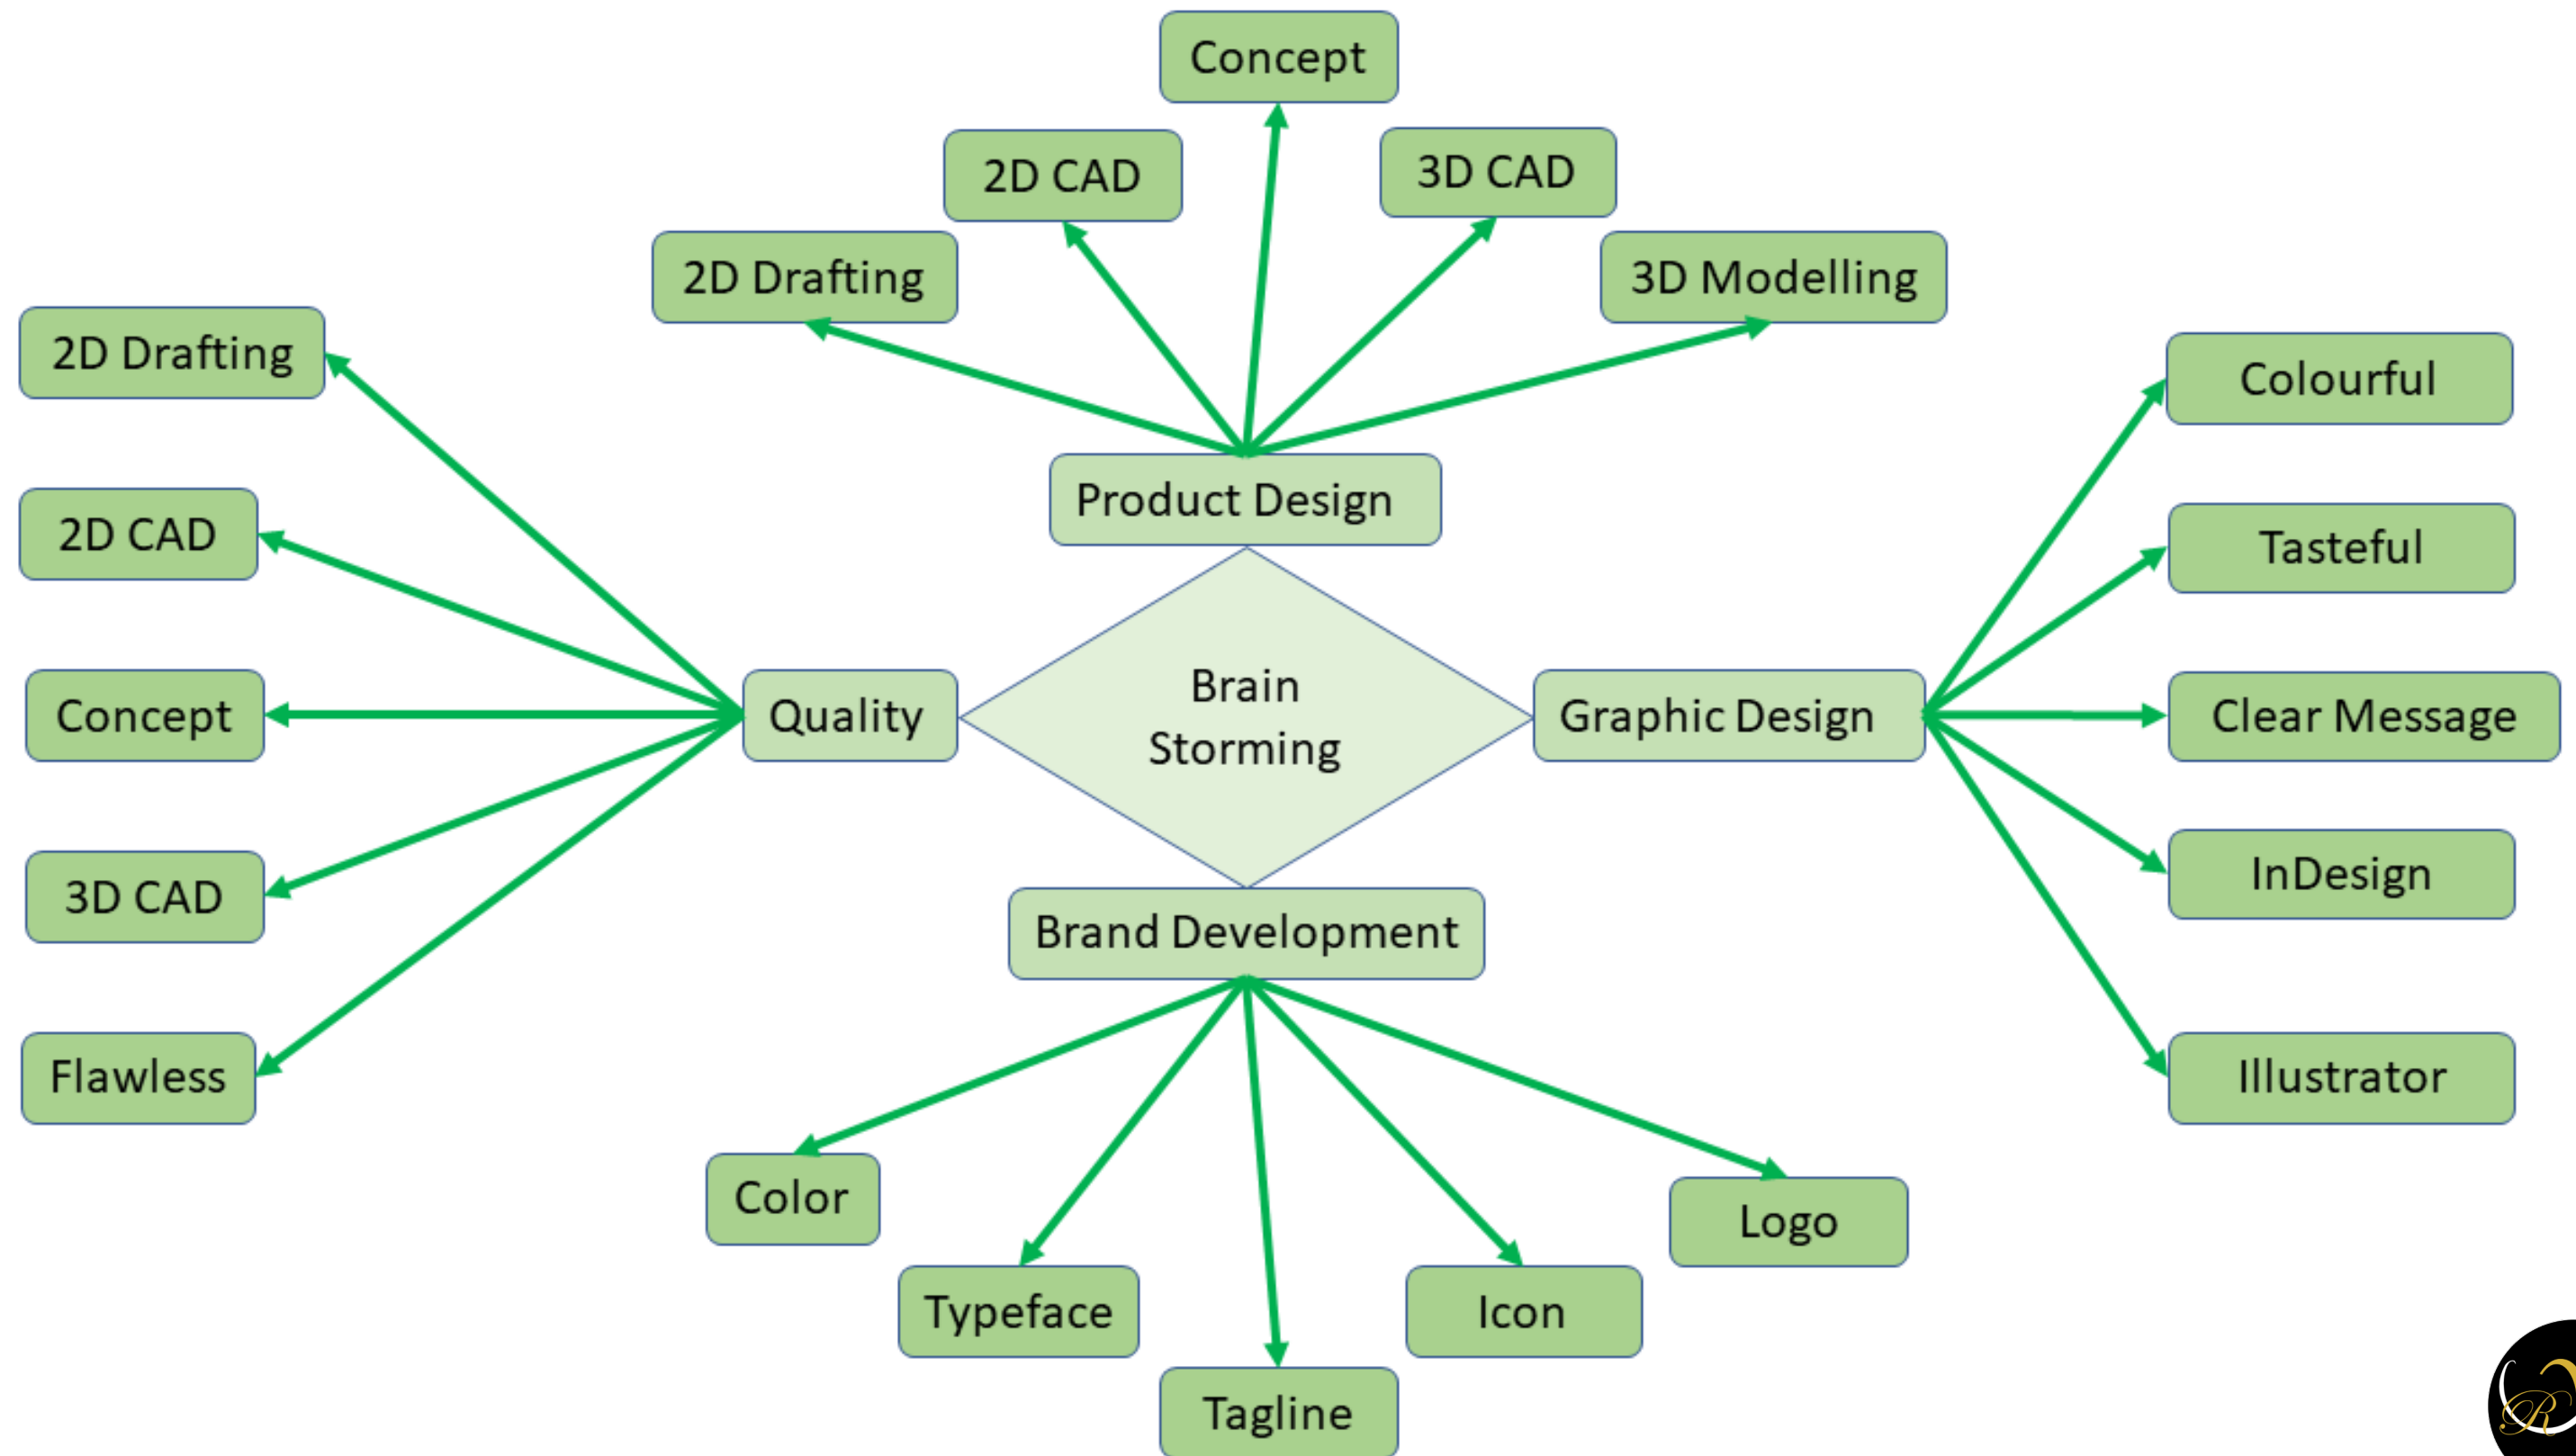

## Logo Design

Using the story of your company to develop a logo, icon, selection of fonts, tagline, color palette etc.
